HTV10 HAND TOOL, MATE-N-LOK, 0.2-0.82 SQ.MM

FRONT VIEW

SIDE VIEW

Eigenschaften / Features

Der Crimpkopf verfügt über zwei Crimpnester in denen zwei Leitungsquerschnitte verarbeitet werden können. Die Kontakte werden mittels Klapppositionierer in die richtige Ausgangsposition gesetzt und gehalten.

Crimping head featured with two crimping nests to enable processing of two different wire sizes. Terminals will be correct inserted by means of a flap locator.

Ersatzteil / Spare part
